

To Whom It May Concern:

I am a resident of the East Rock neighborhood in New Haven and not affiliated with Yale. I signed up for SeeClickFix a couple of years ago and have found it so helpful for city information including warnings, changes in trash service, snow emergency information and general happenings in the area. Yale affiliates get information sent to them pertinent to the neighborhood and community, but it isn't information shared with the general neighborhood. SeeClickFix changes that. I have been able to use the service to report things in my neighborhood as well as receive important information immediately. The service is great. It is a way for people to communicate and be made aware of important events in the community.

I support funding initiatives to continue this much needed service.

Sincerely,

Lindsey Bauer
