Support of SB 425: An Act Concerning Municipal Transparency, Efficiency, and Accountability,

How often do most of us see something and say to ourselves, "why doesn't someone do something about that?" SeeClickFix gives the opportunity to bring what we see to someone's attention to hopefully trigger someone doing something about it. I've used SeeClickFix myself a few times (eg, to point out a large limb hanging over the road and a dead deer by the side of the road) and have been gratified by the response I've gotten. The problems I saw were rectified quickly and without fuss. SeeClickFix is a great resource in my area and would be in all Connecticut towns. I wholeheartedly support this bill.
