Connecticut General Assembly

SB 425

Gentlemen;

I am writing in support of SB 425

The program called "SeeClickFix" is very helpful in getting the city government to become aware of problems in many neighborhoods throughout the city. In most cases the problems get solved, within a reasonable amount of time.

The problems can be from patching holes in the city streets, illegal dumping, untrimmed trees, and the list could go on.

Yours truly,

Tim Byrnes
