

To Whom it May Concern:

Please support bill SB 425 with programs such as SeeClickFix. Being a resident of New Haven CT I have used the service a handful of times and found it extremely useful. This service is quick and easy to use, my problem was acknowledged and I received notice that someone was dealing with it. In some situations, I've gone to report a problem only to see that it has already been reported. This service is essentially to the advancement of governments.
