

Testimony to the Public Health Committee

Submitted by Mag Morelli, President of LeadingAge Connecticut

March 1, 2016

SB 217, An Act Concerning the Study of the Provision of Community Based Health Care Services

[LeadingAge Connecticut](#) is a membership association of 130 not-for-profit organizations representing the entire field of aging services and senior housing. On behalf of LeadingAge Connecticut, I respectfully submit the following testimony in support of **SB 217, An Act Concerning the Study of the Provision of Community Based Health Care Services**.

LeadingAge Connecticut would like to lend our support to the Department of Social Services and the Department of Public Health as they study the effectiveness of providing community-based health care services and particularly the provision of such services to older adults in our communities. The expansion of this study makes sense and we look forward to reviewing the results with all those concerned.

Thank you for this opportunity to submit testimony on this bill.

Mag Morelli, President of LeadingAge Connecticut
