

Dear Committee,

I am a CT resident of West Haven and I am currently working with kids who are on the spectrum at an organization located in Milford. I am a Registered Behavior Technician and I am a student of ABA. I am in full support of raised bill SB 292 to ensure the protection of our clients. Please take the time to thoroughly consider all the aspects of this bill that would greatly benefit the lives of those affected by ASD.

Thank You For Your Time,

Christina Nero
