

Dear Sirs and Madames of the Committee,

I am writing to voice my support of Bill SB292. This legislation is vital to the citizens of our state who use ABA services such as my family. My 16-year old son has benefitted tremendously from ABA services.

I hope you will pas this important bill. Our state's consumers of ABA services and funders of ABA services will be greatly protected by this legislation.

Thank you for your attention to this matter.

Sincerely,
Jennifer Davidson
Bethel, CT
