

Greetings – as the parent of a young man who has received extensive ABA services in the past, I wanted to express my strong support for the passage of Senate Bill 92 (Requiring the Licensing of ABA therapists and assistants). It should be pointed out also that the City of Norwalk also experienced the Stacey Lorre fiasco wherein a person masquerading as a trained professional was able to treat students entrusted to her care.

It is important that there be such a process by which the credentials of these professionals can be reported and collected for the protection of the public.

M. Jeffry Spahr
Deputy Corporation Counsel
City of Norwalk
