Subject: I support HB 5408

Hello,
I am writing to let you know of my strong support for HB 5408, which will enhance the safety and security of CT residents as they go about their daily business. If I saw an individual carrying a gun in a store or public place I would leave immediately. There is simply no way to for me to know why they are carrying a gun, and its mere presence makes a violent incident more likely. It's a small step, but enabling police to ask to see a permit of individuals carrying a lethal weapon seems completely reasonable. Police may ask random drivers to show their driver's license, this should be no different.

Please support this common sense legislation. I am a business owner and cannot attend the hearing but wanted to register my support nonetheless.

Alice Ely
