Subject: In Support of HB5408 An Act Concerning the Presentation of a Carry Permit.

Dear Public Safety Committee,

Please think about this: public safety, and requesting responsible gun owners to be responsible and accountable heeds public safety. Providing proof upon request of necessary registration for gun carry will protect the public; restricting the ability for law enforcement to hold gun owners accountable infringes on my right to life, liberty and the pursuit of happiness.

In fact, it encourages the opposite: harm, fear, and overwhelming anger and sadness.

Please do not be swayed by the gun lobby and their miraculous efforts to feed fear to gun owners that their freedom is under attack. That they need to arm themselves in public setting is proof enough their freedom has already been forfeited to the lobby that controls them. Don't let the lobby control you as well.

Thank you kindly.
