To the Public Safety and Security Committee: I am writing to request that you act on HB 5408 so that police may require that persons openly carrying handguns must produce a permit when requested. This may seem to be minor but, in fact, it seems to me to be very important. Seeing people in public carrying guns openly is frightening and can only conjure up thoughts of previous shooting. Surely it can't be too much to ask a law abiding citizen to produce his/her permit as we all have to produce our license if stopped in our cars! Thank you.
