**Subject:** Permitted carry legislation

I am writing to support the bill that will enable law enforcement officials to require persons carrying a firearm to show their license to do so. I am ashamed that Connecticut allows people to carry a gun at all, let alone allow them refuse to show their license to do that. This is not Deadwood, Kansas or Tombstone, Arizona in the 19th century although you would be hard-pressed to know that given the current gun laws.

Respectfully,  
paul Bluestein, MD
