Subject: RE: Raised Bill No. 5408 - AN ACT CONCERNING THE PRESENTATION OF A CARRY PERMIT.

CT issues permits to carry pistols and revolvers, this does not specify concealed or open carry. If no laws are broken and there is no suspicion of a crime a permit holder should not be required to present their permit to an officer. The mere act of carrying a firearm is not a crime.

This is an erosion of our rights as a citizen of the United States and the state of Connecticut; movement as a fundamental Constitutional right as well as the right to keep and bear arms.

This would be the equivalent of being pulled over and asked to present your driver's license because your car looked fast; even though you'd not broken the speed limit.
