RE H.B. No. 5408

To Whom it May Concern:

Please note my opposition to H.B. No. 5408. Once again the legislature is attempting to infringe on the rights of those of us who are law abiding citizens. While it might appear worthy on the surface such vague criteria "reason to believe" is far too arbitrary and open ended and could, in fact, lead to detention, false charges or worse. This bill would allow that I could be stopped and questioned for nothing more than an individual noting my S&W (Smith and Wesson) belt buckle. This is unacceptable and mocks the standard of "probable cause".
