There are soooo many reasons not to locate the proposed ST. POLICE gun range in East Windsor and I have yet to hear a positive one !!!

No explanation has been forth-coming as to why it was chosen. PLEASE listen to the citizens and many elected officials who offer very positive info

against it !!!!!!!!!!!!! and withdraw the offer to place it here, many positive and FAR less expensive alternatives are on the table. So much depends on that for thousands of residents who stand to lose and risk so much ! We need your help !!!!!!!!!!!!!

Thank You
