The hearing shall be conducted in accordance with chapter 54. In each case the facility shall prove by a preponderance of the evidence that it has complied with the provisions of this section. Except in the case of an emergency or in circumstances when the resident is not physically present in the facility, whenever the Commissioner of Social Services receives a request for a hearing in response to a notice of proposed transfer or discharge and such notice does not meet the requirements of subsection (c) of this section, the commissioner shall, not later than ten business days after the date of receipt of such notice from the resident or the facility, order the transfer or discharge stayed and return such notice to the facility. Upon receipt of such returned notice, the facility shall issue a revised notice that meets the requirements of subsection (c) of this section.

(2) The resident, the resident's guardian, conservator, legally liable relative or other responsible party shall have an opportunity to examine, during regular business hours at least three business days prior to a hearing conducted pursuant to this section, the contents of the resident's file maintained by the facility and all documents and records to be used by the commissioner or the commissioner's designee or the facility at the hearing. The facility shall have an opportunity to examine during regular business hours at least three business days prior to such a hearing, all documents and records to be used by the resident at the hearing.

(3) If a hearing conducted pursuant to this section involves medical
issues, the commissioner or the commissioner's designee may order an
independent medical assessment of the resident at the expense of the
Department of Social Services [which] shall be made part of the
hearing record.

(4) In an emergency the notice required pursuant to subsection (c) of
this section shall be provided as soon as practicable. A resident who is
transferred or discharged on an emergency basis or a resident who
receives notice of such a transfer or discharge may contest the action
by requesting a hearing in writing not later than twenty days after the
date of receipt of notice or not later than twenty days after the date of
transfer or discharge, whichever is later, unless the resident
demonstrates good cause for failing to request a hearing within the
twenty-day period. A hearing shall be held in accordance with the
requirements of this subsection not later than fifteen business days
after the date of receipt of the request. The commissioner, or the
commissioner's designee, shall issue a decision not later than thirty
days after the date on which the hearing record is closed.

(5) Except in the case of a transfer or discharge effected pursuant to
subdivision (4) of this subsection, (A) an involuntary transfer or
discharge shall be stayed pending a decision by the commissioner or
the commissioner's designee, and (B) if the commissioner or the
commissioner's designee determines the transfer or discharge is being
effected in accordance with this section, the facility may not transfer or
discharge the resident prior to fifteen days from the date of receipt of
the decision by the resident and the resident's guardian or conservator,
if any, or the resident's legally liable relative or other responsible party
if known.

(6) If the commissioner, or the commissioner's designee, determines
after a hearing held in accordance with this section that the facility has
transferred or discharged a resident in violation of this section, the
commissioner, or the commissioner's designee, may require the facility
to readmit the resident to a bed in a semiprivate room or in a private
room, if a private room is medically necessary, regardless of whether
or not the resident has accepted placement in another facility pending
the issuance of a hearing decision or is awaiting the availability of a
bed in the facility from which the resident was transferred or
discharged.

(7) A copy of a decision of the commissioner or the commissioner's
designee shall be sent to the facility and to the resident, the resident's
guardian, conservator, if any, legally liable relative or other
responsible party, if known. The decision shall be deemed to have
been received not later than five days after the date it was mailed,
unless the facility, the resident or the resident's guardian, conservator,
legally liable relative or other responsible party proves otherwise by a
preponderance of the evidence. The Superior Court shall consider an
appeal from a decision of the Department of Social Services pursuant
to this section as a privileged case in order to dispose of the case with
the least possible delay.

(i) A resident who receives notice from the Department of Social
Services or its agent that the resident is no longer in need of the level of
care provided by a facility and that, consequently, the resident's
coverage for facility care will end, may request a hearing by the
Commissioner of Social Services in accordance with the provisions of
section 17b-60. If the resident requests a hearing prior to the date that
Medicaid coverage for facility care is to end, Medicaid coverage shall
continue pending the outcome of the hearing. If the resident receives a
notice of denial of Medicaid coverage from the department or its agent
and also receives a notice of discharge from the facility pursuant to
subsection (c) of this section and the resident requests a hearing to
contest each proposed action, the department may schedule one
hearing at which the resident may contest both actions.

Whenever a patient is to be transferred, such home shall effect the transfer with the least disruption to the patient and shall assess, monitor and adjust care as needed subsequent to the transfer in accordance with subdivision (10) of subsection (b) of this section. Notwithstanding the provisions of this subsection, a patient may be involuntarily transferred immediately from one room to another within such home to protect the patient or others from physical harm, to control the spread of an infectious disease, to respond to a physical plant or environmental emergency that threatens the patient's health or safety or to respond to a situation that presents a patient with an immediate danger of death or serious physical harm. In such a case, disruption of patients shall be minimized; the required notice shall be provided not later than twenty-four hours after the transfer; if practicable, the patient, if the patient wishes, shall be returned to the patient's room when the threat to health or safety that prompted the transfer has been eliminated; and, in the case of a transfer effected to protect a patient or others from physical harm, the consultative process shall be established on the next business day.

location to which the patient is being transferred and the name,

ombudsman; and (2) establish a consultative process to effect the
transfer with the least disruption to the patient and assess, monitor
and adjust care as needed subsequent to the transfer in accordance
with subdivision (10) of subsection (b) of this section. The consultative
process shall include the participation of the attending physician or
advanced practice registered nurse, a registered nurse with
responsibility for the patient and other appropriate staff in disciplines
as determined by the patient's needs, and the participation of the
patient, the patient's family, a person designated by the patient in
accordance with section 1-56r or other representative.

(e) Any nursing home facility, residential care home or chronic
disease hospital that negligently deprives a patient of any right or
benefit created or established for the well-being of the patient by the
provisions of this section shall be liable to such patient in a private
cause of action for injuries suffered as a result of such deprivation.
Upon a finding that a patient has been deprived of such a right or
benefit, and that the patient has been injured as a result of such
deprivation, damages shall be assessed in the amount sufficient to
compensate such patient for such injury. The rights or benefits
specified in subsections (b) to (d), inclusive, of this section may not be
reduced, rescinded or abrogated by contract. In addition, where the
deprivation of any such right or benefit is found to have been wilful or
in reckless disregard of the rights of the patient, punitive damages may
be assessed. A patient may also maintain an action pursuant to this
section for any other type of relief, including injunctive and
declaratory relief, permitted by law. Exhaustion of any available
administrative remedies shall not be required prior to commencement
of suit under this section.

(f) In addition to the rights specified in subsections (b), (c) and (d) of
this section, a patient in a nursing home facility is entitled to have the

concerning the withholding or withdrawal of life support systems. In
the determination of the wishes of the patient, the attending physician

and 19a-575a, if any such document is presented to, or in the
possession of, the attending physician or advanced practice registered
nurse at the time the decision to withhold or terminate a life support
system is made. If the wishes of the patient have not been expressed in
a living will the attending physician or advanced practice registered
nurse shall determine the wishes of the patient by consulting any
statement made by the patient directly to the attending physician or
advanced practice registered nurse and, if available, the patient's
health care representative, the patient's next of kin, the patient's legal

No involuntary testing shall take place pursuant to subdivisions (6) and (7) of this subsection until reasonable effort has been made to secure
informed consent. When testing without consent takes place pursuant
to subdivisions (6) and (7) of this subsection, the counseling referrals

contract and must be delivered or mailed before midnight of the third
business day after you sign this contract. After you cancel, the health
club may request the return of all contracts, membership cards and

You may also cancel this contract if you relocate your residence
further than twenty-five miles from any health club operated by the
seller or from any other substantially similar health club which would

If you become disabled, you shall have the option of (1) being relieved of liability for payment on that portion of the contract term for which you are disabled, or (2) extending the duration of the original contract at no cost to you for a period equal to the duration of the disability. You must prove such disability by a [doctor's] certificate signed by a licensed physician or a licensed advanced practice registered nurse, which certificate shall be enclosed with the written notice of disability sent to the health club. The health club may require that you be examined by another physician or advanced practice registered nurse agreeable to you and the health club at its expense. If you cancel, the health club may keep or collect an amount equal to the fair market value of the services or use of facilities you have already received."

The full text of this statement shall be in ten-point bold type.

(b) If a buyer cancels a health club contract pursuant to the three-day cancellation provision or as a result of having moved further than twenty-five miles, or as a result of the health club ceasing operation at the location where the buyer entered into the contract as provided by this chapter, the health club shall send the buyer a written confirmation of cancellation within fifteen days after receipt by the health club of the buyer's cancellation notice. If the health club fails to send such written notice to the buyer within fifteen days, the health club shall be deemed to have accepted the cancellation.

that the buyer's obligations under the contract are suspended pending
determination of disability. If the health club fails to send such written
notice to the buyer within fifteen days, the health club shall be deemed
to have accepted the disability.

(2) If the health club requires the buyer to submit to another
physical examination, all obligations of the buyer for payment under
the contract will be suspended as of the date the health club receives
notice of disability. The buyer's obligations will not resume until such
