

CGA 2016 HB 5556

Dear Education Committee,

I am writing in regard to Bill HB 5556 - An Act Concerning the Regional Uniform School Calendar.

This bill provides another point of squeezing our public school system down to regions, instead of handling by local control. I am very concerned by this issue. Unless valid issues exist whereby there is a great need for regionalism, of which I know none, please vote this bill down.

We have great issues in our CT public school systems -- this is not an improvement for education.

Sincerely,

Anne Manusky
Easton, CT
