My wife and I are both retired now. This is our first full year in retirement together. We are both natives of CT. I spent 9 years in the U. S. Navy which provided me with my education in the nuclear power field. We returned to CT when I completed my service because it is where we were born and raised and where we wanted to raise our 5 children. All 5 of our children live in CT with a total of 11 grandchildren. As you can see, CT is OUR state. The number of taxes in CT is unbelievable. Please remove the tax on Social Security benefits so seniors, like my wife and I, can remain in the State we love. Thanks so much for your time and support of this important Bill.
