Dear Legislators,
Please remove the tax our Social Security Benefits. It is difficult enough to survive financially in this State. We paid our dues over many years. Why do we now have to pay tax on the little we get to support us in our retirement? If we want to remain in our own homes it takes considerable funds to pay our town taxes and living expenses. We have lived in Redding for 45 years and were not planning on moving away from our extended family. But the spending on top-heavy government in CT, and resultant ever increasing taxes, is making this look like a pipe dream.
