Enfield, Connecticut 06082-2637

After seeing that my monthly social security deposits for 2016 are lower than those of 2015, and noting ever increases in Medigap & Plan D premiums, I would surely appreciate the elimination of the Ct State Income Tax on my Social Security INSURANCE Income. Connecticut is in a minority of the 50 states that assess income tax on this purchase insurance benefit instituted by a Democratic Party President (FDR) in 1936.
