I am in support of this bill; as a father and grand -father (retired and still working) it is pathetically wrong to be taxing folks who have worked hard all their lives to raise and provide for their families and now are forced to pay additional taxes on ss benefits. When in tar national will it

stop. At a time when I should be enjoying myself I am constantly worried about new taxes which may be imposed in the future.

Enough is enough, I urge you to eliminate this tax and work to control frivolous spending which is out of control!
