I'm a senior, living alone and just getting by. If someone doesn't do anything about these TAXES in Ct., I will be forced to leave. And move to another state with lower taxes. Senator Kane, I can only hope at this time, that your bill #5062 goes through. I'm behind you 100% as are a few of my neighbors. Aside from the personal income tax there's the unforgettable "mill rate". Our dear friend Lowell Wicker stated he would abolish it. It's still here. TAXES, TAXES, TAXES! HELP!

Thankyou Senator, Please keep me informed.
