

With regard to Proposed HB 5062 I am asking that the committee pass the vote.

What the legislature needs to understand, and for some reason they do not, the more money we get to keep the more money we will spend. We pay taxes on pension income, any withdrawals from 401k and/or IRA accounts, as well as any income we may draw from employment.

I work for an attorney and last year 60 percent of our real estate closing were sales, people leaving the state. I know you have heard the statistics that Allied Van Lines indicated that 83% of their moves were out of state. That's hugh and it is only going to get worse.

Please consider moving this bill through committee.

Respectfully submitted,
