HB 5050, An Act Concerning Modernizing Parking Signs for People with Disabilities.

Date: Monday, February 22, 2016

To: Government, Administration and Elections Committee (GAE)

My Name is Laurence D. Pollack living at 7 Saddle Crossing, Avon Ct. 06001.

I am in favor of this bill adopting the new parking signs for people with accessibility needs for the following reasons:

1. The new sign shows action and people with accessibility needs are active in are community and they are not handicapped which is offensive to many people.

2. Reserved is a far better term than handicapped.

3. The new sign is close enough to the old sign that nobody will not see the linkage and be confused.

4. Signs will only be replaced when they are worn out. Thus no cost.

5. As a state we are continually talking about making improvements to local communities. The change of sign from a marketing stand point is visually more pleasing.

Lastly with all the important issues in front of you, I am hoping this billed is passed quickly and with impartial

politics so you can get on with the real important issues that our state has to tackle.

Thank you for your consideration of my testimony.

Laurence D. Pollack
