Connecticut General Assembly
300 Capitol Avenue
Hartford, CT 06106

Dear Members of Connecticut General Assembly,

We bring you greetings from the people of the Liberian Community Association of Connecticut. Today, we are pleased to join the Yale Law School and Connecticut Student for a Dream to appeal to you to pass S.B. No. 147: An act assisting students without legal immigration status with the cost of college.

As a community of immigrants, we believe that education is the best resource that an individual can get; therefore, we appeal to the Connecticut General Assembly to approve this bill, which will give undocumented immigrants the opportunity to get a college education and become productive to society and mankind.

Most undocumented immigrants came to the United States because it was their only means of survival and providing a better life for themselves and their family or fear for their lives, and this is the only country most of them know also!

America is doing a wonderful job by educating undocumented immigrants from elementary to high school, which is the foundation, but after you build a foundation you have to complete the house otherwise it defeat the purpose; therefore, we sincerely ask that you do so by passing S.B. No. 147.

Thank you and May God continue to bless you.

Yours Truly,

A handwritten signature in blue ink, appearing to read 'Flomo Freeman, Sr.', written over a horizontal line.
