I urge you to put this bill before the legislature this session.

I am 70 years old and now retired. I worked in Hartford for 40 years while living in Granby. During most of that time I cycled 5-10,000 miles per year. I tried biking to Hartford, and would have commuted to work on my bike. But I concluded it was just too dangerous for me. I know many others who feel the same way. It is worse now since so many drivers are on the phone. This bill won't solve all the problems but it will be a good start.

P.S. My friend and fellow cyclist, Paul Hughes of Bloomfield was killed while biking in Bloomfield in 2014.

Thank you for the opportunity to comment.
