Re: The Honorable Terence A. Zemetis

Dear Representative Tong:

I write this letter as a practicing attorney for 37 years who does trial work on a regular basis. I understand that the honorable Terence A. Zemetis is up for re-appointment to the bench this legislative session. I write you in the hopes that Judge Zemetis will be approved by your committee for a new term of eight years. I have appeared before Judge Zemetis in courtroom proceedings and numerous times for mediation of civil cases. He is one of the most capable Superior Court judges I have appeared before. He has an excellent grasp of all legal, factual and practical issues in each case that he presides over. Most importantly, he possesses an excellent judicial temperament, always giving the litigants, regardless of their social or economic background, the sense of complete fairness and equity. I wholeheartedly support Judge Terrence A. Zemetis for re-appointment to the bench.

If you have any questions, please contact me.

Very truly yours,

John J. Kennedy, Jr.
