

29 February 2016

Committee on Children

State Capitol Building, Room 011

Hartford, CT. 06106

Dear Sir or Madam:

My wife and I want to inform the Committee on Children that **we support HB 5300**, which will remove the trigger clause from Connecticut's current GMO labeling law.

The whole question of whether or not manufacturers should inform us about what is in the food we eat has been a matter of concern for us for several years. We want to know what is in our food and how it is produced.

We should have the right to that information as a matter of course. **To NOT make this information available to the public is outrageous!**

We are respectfully requesting that the Committee on Children **vote YES on HB 5300**.

Thank you very much.

Sincerely,

Bob and Sandy Haiko
