

Hello decision makers! I write in support of the passing of HB 5128. This Bill proposes a fair use of dollars already allocated for DDS supported programs. Keep these dollars in the DDS system.

Dollars have been repeatedly cut from the DDS budget for the past several years. Providers cannot offer adequate services without adequate funding. Individual needs cannot be met without providers support.

The DDS budget is important for thousands of individuals. Your kind attention and support of this bill is appreciated.

Thank you.
