

Attn: Program Review & Investigation Committee

I cannot attend tomorrow's meeting however I would like to voice my opinion.

As a landlord (4 apartments) I have had some experience with the unfairness of the system.

You will be presented with 6 points tomorrow by my fellow landlords and Realtors.  
All I ask is that you would hear what they have to say and carefully consider the importance of bringing balance to a system that would benefit both landlord and tenant.

Thank you,
