Subject: HB 5041 To Make DMV More Efficient

Please add my name to the citizens of CT who want a more efficient DMV by privatizing some of their services as outlined in HB 5041. We in CT need to follow the example of other States that have improved the efficiency of their DMVs. Cutting the time it takes to do certain DMV transactions and being able to do some at other than DMV locations would go a long way to improve DMV services to the public.

Thank you.
