Members of the State of Connecticut General Assembly Transportation Committee.

My name is Kate Steers and I live in Fairfield, CT with my two daughters. In October I lost my husband, John, to malignant melanoma at the age of only 41. John and I own two cars that are older than 20 years of age, both of which were in my late husband's name.

John loved Porsches and he purchased a 1983 model because we could not afford a new one. For obvious financial reasons I need to sell this vehicle. I have a prospective buyer in South Dakota, however, the transaction has not been completed for the simple reason that Connecticut will not issue a title for this car because of its age. The car is legally registered for our roads, it's licensed, insured and all taxes have been paid. I've invested countless hours trying to complete this sale to no avail and I'm well acquainted with Form Q-1.

Please require the DMV to issue titles on cars older than 20 years of age by supporting Bill HB5461.

Respectfully submitted with my thanks,

Very truly yours,
