

An Act of Concern for HB 5618 Redemption Center

I Daniel Lebel, represent Holy angels Parish, South Meriden, Ct. I have been the Youth Group Advisor for Holy Angels Youth group for 7 years. I live in Wallingford, Ct.

We at Holy Angels Parish, use the Redemption Centers for Can & Bottle Drives, this is an awareness for both the environment and for our youth, who collect these bottles and cans, the funds collected from these drives help support the Youth in there community services that provide additional funds for scholarship monies to help further there education.

Without these Redemption centers it makes it very difficult to redeem these bottles and cans. We are actually now in a dilemma since the closing of M&M redemption center causes us not to be able to provide this Fund raising service.

Please consider approving this HB-5618 to keep jobs here in Connecticut, also for our Youth to see Redemption services made easier and allow our youth to continue there fund raisers at Holy Angels Parish.
