

**HB 6329 AN ACT CONCERNING HYDRAULIC FRACTURING WASTE IN
CONNECTICUT**

Beth Nori

351 Orchard Hill Lane

Fairfield, CT 06824

I'm writing to you over my concern for HB 6329. Please, you must ban hydraulic fracturing and all oil and gas drilling and extractions wastes. The toxins and radioactivity in these wastes cause **multiple types of cancer, birth defects, developmental problems, neurological and multiple organ damage**. With the state deficit and town budget problems, we cannot risk exposing ourselves to remediation costs, if even possible. Spills, leaks and run-off have permanently poisoned aquifers, surface waters and property in other states.

A permanent ban is needed, as regulations won't stop spills and leaks.

Regulations won't prevent inadequate testing, treatment or enforcement, resulting in potential radioactive and chemical contamination in CT.

Please, protect us from this! We desperately need your support in these tumultuous times. I want my babies to grow up in a better world and I'm so sad that we have to fight so hard for that goal.

Sincerely,

Beth Nori (and my 3 little boys)
