

I would like this letter to be read into the testimony regarding HB 6575 and HB 5434. I strongly support both of these bills and would like to see them approved to move forward. I think it is undemocratic to allow presidential candidates to hide personal financial information, which an IRS statement would provide the public. I am an enthusiastic supporter of HB 6575. In addition, I have been a long time supporter of a popular vote for the Presidential Election and I support any effort, such as HB 5434, that will lead us to that goal. It is ridiculous that we abide by the Electoral College system, which is skewed toward a rural, less representative (by population) vote.
