

To Whom it May Concern:

I am writing to provide my opinion on the following proposed bills:

HB 6575 which would withhold ballot access in Ct for any presidential candidate who does not disclose federal and state income tax returns for 5 years - I believe this is invasive and unconstitutional. Nowhere did it ever say that a presidential candidate was required to let the general public probe into his tax returns - federal or state. It is none of our business and has only been disclosed by less than half of the presidents of this country. I'm much more interested in their political platform than how good they are at interpreting and applying tax laws to pay as little as possible. Of course, that does prove their business acumen. I request this be opposed.

HB 5434 The electoral college was established over two hundred years ago and has performed as it should since it's inception. Because some people can't adjust to their candidate loosing, they want to change the system. What they don't realize, is that on election night, the "popular vote" is only what is counted from votes cast that day! Absentee ballots - from people on business trips, vacation, living elsewhere for the winter, out of state students, military, and even workers stationed at polling places other than their assigned voting place. For instance, if there are 38790 absentee ballots but a difference of 50000 between the candidates, those votes are not counted. If it changes so that all votes are counted, the results will not be known on election day, and it will cost more \$\$\$ - which this state does NOT have!!! - to count and tabulate all the absentee ballots. I request this be opposed.

HB 5180 An act repealing the statute allowing motor vehicle operators' licenses for driving purposes only. Driving is a privilege, not a right. If people are here illegally and are unable to provide social security numbers or other proof of legal US residence, they should NOT be given a motor vehicle operators' license. They should not have the right to drive in this state or country for that matter. I request this be opposed.

Thank you for taking the time to read my thoughts on these issues.

Sincerely
