

I write to express my support for HB 5434, "An Act Adopting the Interstate Compact to Elect the President of the United States by National Popular Vote," which will be having a Public Hearing in the Government Administration and Elections (GAE) Committee on Wednesday, February 22nd, 2017.

The electoral college is an arcane system that unjustly denies citizens their right to equal representation. A voter in Montana has 30 times the weight of a voter in California under the present system. When the Constitution was written, women and slaves did not have the right to vote, and much has changed since then. Let us also fix the electoral college to make electors represent us.

Thank you for your work on behalf of the State of Connecticut!
Sincerely,

Leslie Bulion
