

Dear Sir/Madam:

I am writing to express my support for HB 5434. Connecticut needs to join with the ten other states who have already adopted this legislation in order to make Connecticut votes count. The vote of a Connecticut resident should have equal impact as a vote in Ohio or Florida or any other state in choosing a president. This is not a partisan issue. It is an issue about equal rights for every US citizen. I implore legislators on both sides of the aisle to support HB 5434.

Sincerely,

Diane Grasso
