

Hello,

I am Rebecca Hatcher, from New Haven, CT 06511. I do not need a response.

I am writing in support of HB 5434, An Act Concerning Adopting the Interstate Compact to Elect the President of the United States by National Popular Vote. The distribution of electoral college votes means that voters in some states have proportionally more of a voice in choosing the President than voters other states. While the country is unlikely to eliminate the Electoral College, we can move closer to equalizing the importance of voters in different states by committing Connecticut's electoral college members to voting for the winner of the national popular vote, bringing the Interstate Compact closer to implementation.

Thank you,  
Rebecca Hatcher
