

To whom it may concern,

I'm writing to urge the members of the Government Administration and Elections Committee of the General Assembly to support HB 5434, "An Act Concerning Disclosure of Presidential Candidates' Federal Tax Returns."

Transparency and public disclosure are essential to the democratic process. Voters have the right to know what financial entanglements could impact a candidate's performance in office.

If a Presidential candidate is not willing to divulge this crucial information, that candidate should not have ballot access in Connecticut.

Sincerely,
