To the members of the General Law Committee,

I write to you today because I am unable to travel to Hartford on March 2nd.

I believe the committee should support Senate Bill 867. As a registered homecare provider in CT I often talk to possible clients and they are surprised at the cost of homecare because they have spoken to other companies that are less expensive. I then probe to find out if they had spoken to a registry which is often the case. They have no idea what the pitfalls are if they chose to use a registry.

The citizens of Connecticut deserve to know at time of contact what their liabilities are when speaking to a registry.

Sincerely

Steven Montano
