

Honorable Members of the Planning and Development Committee:

My name is Edith Bodman and I encourage you to oppose Bill # 6926. I oppose Tax Increases. Charging buyers of real estate drives up the cost of affordable housing in Ct. It is anti-business. It is anti home-ownership. It is already too expensive to live in CT. Let's not add more financial burden to those who want to stay and live in CT and want to become home owners in our state.

Thank you for your consideration.

Sincerely,

Edith Bodman
