

Public Bill # 957      Senate

Bill # 73239      House

I am in favor of the Tribal(MMCT) gaming facility proposal to be located in East Windsor, CT.

The Tribal Nations Indian gaming facilities have contributed to our States revenue stream for over 20-25 years. Their gaming resorts have added to our existing vacation destination tourism market place, along with creating thousands of jobs within the State of Connecticut.

Mashantucket Pequots and the Mohegans are excellent contributors in the State.

We can not afford to lose the 25% of gaming revenue from both tribes if the state chooses to entertain other gaming operators outside Connecticut.

Thank you for your consideration.

Fran Becher

Hartford County Resident.
