

My name is Bobbi Lahah and I am a resident of Pawcatuck, CT.

I am in support of S.B. 253 and S.B. 263 that would require the bypass proposal to have municipal approval, through referendum, for rail changes and services through impacted communities and prohibits state funding if the referendum approval was not met.

I live in an area that will see the largest impact both economically and environmentally and feel that we should have a say on the proposed FRA bypass which can be done through referendum.

Thank you.
