**"AN ACT CONCERNING ZERO CARBON PROCUREMENT."**

1 After the last section, add the following and renumber sections and  
2 internal references accordingly:

3 "Sec. 501. (NEW) (*Effective from passage*) (a) For purposes of this  
4 section, "market revenues" means revenue, including, but not limited  
5 to, revenue derived from the sale of energy, capacity, ancillary services  
6 and environmental attributes.

7 (b) In order to qualify for participation in any solicitation issued or  
8 agreement entered into pursuant to section 1 of this act: (1) The owner  
9 of a nuclear power generating facility shall (A) file a petition for  
10 qualification with the Public Utilities Regulatory Authority, (B)

11 demonstrate in such petition that such nuclear power generating  
12 facility's market revenues are insufficient to maintain operations of  
13 some or all of the generation capacity of such nuclear power  
14 generating facility, and (C) include in such petition all market analysis  
15 and facility cost information for any affected units; (2) the Public  
16 Utilities Regulatory Authority shall (A) confirm that such market  
17 revenues are insufficient to maintain operations of some or all of the  
18 generation capacity of such nuclear power generating facility based  
19 upon the information provided by the nuclear power generation  
20 facility and its own analysis, and (B) make a determination of  
21 qualification for each such nuclear power generating facility within  
22 ninety days of such nuclear power generating facility's filing, provided  
23 if the authority does not make such determination within ninety days,  
24 the nuclear power generating facility that is the subject of the petition  
25 shall not be qualified for participation."

This act shall take effect as follows and shall amend the following sections:
