Re: HB 7254

To the Members of the Education Committee:

This is my written testimony and I will not be testifying at the hearing." My name is Melissa Brown and I live in Hamden, Connecticut. I fully support HB 7254, An Act Requiring Special Education Teachers to Complete a Program of Study in Evidence-Based Structured Literacy Interventions for Students with Dyslexia. I submit my testimony as an educator who has worked with dyslexic children for the past 17 years.

For the past 17 years I have had the privilege of teaching at a school that addresses the needs of the students. For the past 10 years I have been a mother of a child who needs this type of help but doesn't always get it and her public school.

I am in full support of the call of HB 7254 for a "Program of Study" in Dyslexia for special educators within Institutes of Higher Education; for teacher preparation for special educators with evidence-based structured literacy, along with a requirement for supervised practicum hours, which is critical; and, to allow for special education teachers to receive Dyslexia training as pre-service teacher candidates, before they graduate and reach our local school districts. Those steps are essential to meet the critical needs of students with Dyslexia and would benefit all learners in the State of Connecticut.

It is with a great sense of urgency that I respectfully request that you pass HB 7254. It is only through the use of the evidence-based approaches coupled with the right training and practicum experiences that we will see changes in reading outcomes in our schools.

Respectfully submitted,

Melissa Brown
