H.B. 7254 An Act Requiring Special Education Teachers to Complete a Program of Study in Evidence-Based Structured Literacy Interventions for Students with Dyslexia.
March 15, 2017

My Name is Katie Howard. I am 9 years old and in 4th grade at Ann Anntolini School in New Hartford Connecticut. I am here to support my sister Zoey Howard and to ask for more Dyslexia training for teachers. I

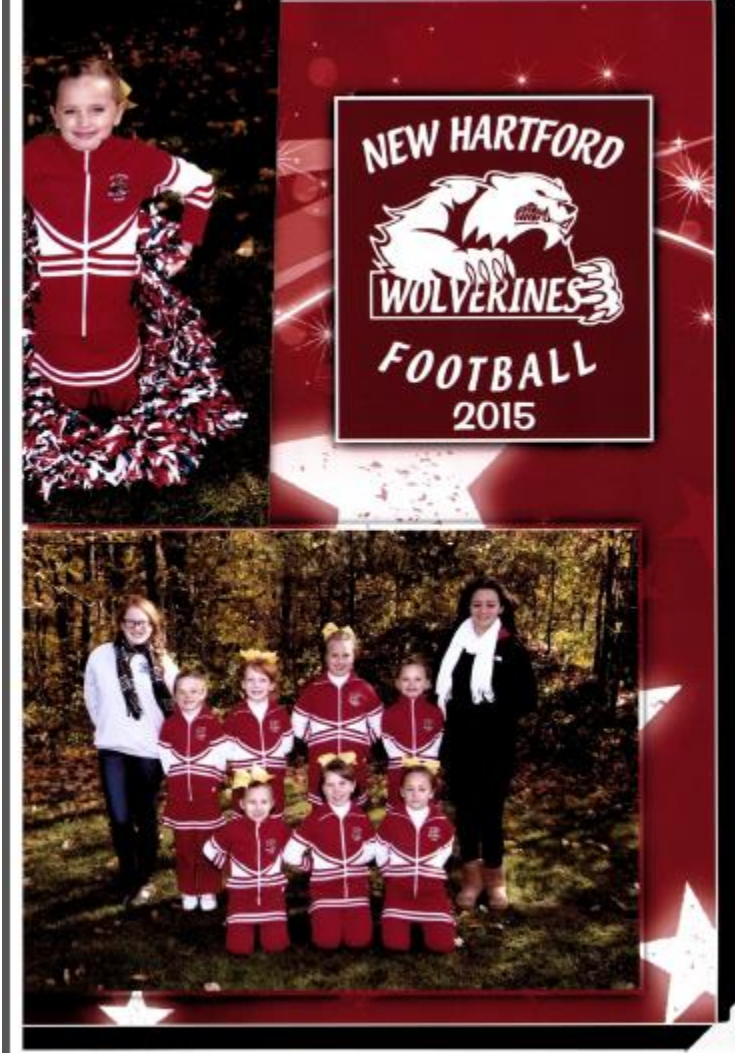

support HB 7254 An Act Requiring Special Education Teachers to Complete a Program of Study in Evidence-Based Structured Literacy Interventions for Students with Dyslexia. Our Special Education Teachers should receive the required training that will support all struggling readers. HB 7254 calls for a "Program of Study" in Dyslexia, for Special Educators within Institutes of Higher Education, which is needed. I was amazed to find out this was not already a requirement. Districts should not have to pay for this training, this should be taught in college.

HB 7254 aligns teacher preparation for special educators with evidence-based structured literacy, along with a requirement for supervised practicum hours, which is critical. This has been proven to work with Dyslexic students and all struggling readers.

HB 7254 will allow special Education teachers to receive Dyslexia training as pre-service teacher candidates, before they graduate and reach our local school districts. HB 7254 is essential to meet the critical needs of students with Dyslexia.

Special Education teachers need a program of study in Dyslexia within Higher Education so Zoey can come back to school with me.

Thank you.
