Re: HB 7254

To the Members of the Education Committee:

My name is Bob Perry, and I live in Trumbull, Connecticut. I fully support HB 7254, An Act Requiring Special Education Teachers to Complete a Program of Study in Evidence-Based Structured Literacy Interventions for Students with Dyslexia. I submit my testimony as an educator who has worked with dyslexic children for the past 16 years.

I have worked with many students with Dyslexia who were struggling because they were reading and comprehending well below their grade level. With evidence based interventions I have seen these students improve in dramatic fashion to become more confident achievers with higher self esteem poised to become more productive members of society.

I am in full support of the call of HB 7254 for a "Program of Study" in Dyslexia for special educators within Institutes of Higher Education; for teacher preparation for special educators with evidence-based structured literacy, along with a requirement for supervised practicum hours, which is critical; and, to allow for special education teachers to receive Dyslexia training as pre-service teacher candidates, before they graduate and reach our local school districts. Those steps are essential to meet the critical needs of students with Dyslexia and would benefit all learners in the State of Connecticut.

It is with a great sense of urgency that I respectfully request that you pass HB 7254. It is only through the use of the evidence-based approaches coupled with the right training and practicum experiences that we will see changes in reading outcomes in our schools.

Respectfully submitted,

Bob Perry
