We live in Danbury, but my husband travels to different states everyday for his job. We shouldn't have to pay tolls to come and go out of Ct. !!! Also, don't even think about charging a mileage tax that is ridiculous!! Malloy put us in the money situation we are in why should we the public be punished for their spending!! Now he want to raise deposit on bottle returns to ten cents, are you kidding me!!!! Get your money from all you and your idiots up there at the Capital. We didn't cause the deficit YOU did!!!!
