Once again the democrats in the legislature and the governor are focused on "*what more can we take from our productive citizens and give to our non-productive?*" This is evil. it is evil to steal from others. Please instead focus on how you can cut expenses and entitlements of those who want to do nothing but take and take.

The governor is clearly in denial about what needs to be done to make the state competitive.

Shame on him and shame on those who want to take more from us.
